

STAUNCH
MACHINERY
SINCE 1979

STAUNCH Nitrogen Generator & Inflator HP S1860

Features:

1. Heavy duty suit for heavy truck.
2. Fast nitrogen generation & inflation speed.
3. 200L nitrogen tank enables enough storage of N2 for rush hours.
4. Equipped with high pressure & precision oil/water vapor filter & separator

Technical Data

Model No.	HP-S1860
Function	Inflating tires with nitrogen instead of
Suit for	7~13 bar tire pressure
Power	220V/110V+-10%50/60Hz
Nitrogen Generated	Through high quality filtration
Nitrogen Purity	95~99%
Air Inlet Pressure	15Bar/215PSI
Air Compressor Required	5.5~7.5 KW, 15Bar /218PSI, 1.5M3/Min
Nitrogen Outlet Pressure	13Bar, 185PSI
Output Capacity	100~120L/Min, 26.5~30 Gallon/Min
N2 Tank Capacity	70L/18.5 Gallon Inside
Standard	2 hoses + vacuum generator& N2
Optional	220L/58 gallon N2 tank external
Dimension	730*530*1520MM
N.W/G.W	147/155KG
